Finally, choose from a selection of scented massage creams, as you sit back and relax while your feet are treated to the perfect Spa Pedicure.

B. Aromatic Sugar Glow, Beaute Neuve Facial & Spa Manicure

The Sugar Glow body treatment starts by using a brown sugar exfoliator to sluff away dry skin. After a shower, rich moisturizing lotion is lightly massaged over the entire body to leave you feeling silky smooth. Next enjoy the instant results of our Beaute Neuve Facial which will rejuvenate the cells resulting in a long-lasting glowing complexion. Complete your spa experience with a Spa Manicure which will rehydrate your hands and leave you feeling perfectly polished!

C. 60-minute Paraffin Massage, Paraffin Pedicure & Paraffin Manicure

During your 60-minute Paraffin Massage, heated paraffin is applied to your back to further relax the muscles, moisturize the skin, and provide a “satin touch” yet intense massage. Continue to enjoy the benefits of heated paraffin as it is used during your Pedicure and Manicure – both of which will include nail grooming, relaxing massage, and perfect polish.

D. Aromatic Facial, Spa Pedicure & Shellac Manicure

Our Aromatic Facial uses a customized blend of essential oils to leave your skin feeling nourished and refreshed while also addressing your specific skin care needs.
